Ohio Conference invites you to a conference focused on **growing as a good news community**. Join us as we grow in our culture of mission, receive practical training (in evangelism and discipleship) and cultivate partnership and relationship.

All who are passionate about growing as disciples or are frustrated with the status quo of maintenance ministry are encouraged to attend. This conference is **NOT** just for pastors and delegates.

Registration information will be available later in December at www.ohiomennoniteconference.org.
