

Donation List for ACA Service Project

This year we will be collecting items for **Daily Needs Assistance (DNA)**, a Christ-centered non-profit serving impoverished/low-income families in the greater Plain City area with holistic resources and programming. Our mission is to love our neighbors, act to alleviate poverty, and walk with people towards Christ.

We place high emphasis on building relationships with the individuals and families we are serving, recognizing that this factor alone helps families stabilize.

Resources include weekly hot meals, food pantry, second-hand free clothing store for kids, and a Christmas Store. To promote personal growth and self-sufficiency, we offer whole family ESL programming, a career-focused summer camp, and community mentoring for at-risk youth.
